

The Grove School's vision is to provide a high quality educational experience with a culture of high expectations for all students

THE GROVE SCHOOL CHROMEBOOK PROGRAMME

In 2017 The Grove School embarked on its first Chromebook 1:1 Programme with its Year 9 students. Following on from that we then launched to the incoming Year 7 students from September 2018, 2019 and 2020.

Our vision is that every student at The Grove School will have their own Chromebook enabling a vital link between learning at school and at home.

Students are encouraged to use their Chromebooks in class and at home as an additional tool for learning until their GCSEs in Year 11. We hope that you share our vision to make this project a success.

THE EQUIPMENT ON OFFER

We have selected a Chromebook which is best suited to enhance the learning experience of our students at The Grove School. The Chromebook is specifically designed for student use with a ruggedised outer casing and enhanced specification to ensure that they withstand all functional requirements.

Each device is also supplied with a 3 year guaranteed repair service with no hidden costs giving complete peace of mind.

In the event that a student has a faulty or damaged device they take it to the IT dept and will be issued with a spare whilst theirs is away being repaired. The faulty device will be collected, repaired and returned to the school.

WHY CHROMEBOOKS?

Chromebooks are extremely secure, easy to use and facilitate both independent study and online collaboration. Through the use of Google Apps for Education & Office 365 we can further improve student engagement, and open the door to learning.

The Chromebooks with the Management Console ensure that all students are able to access all of the same resources and applications, wherever they are in the world and enable teachers to deliver the curriculum in the most exciting and engaging way.

THE BENEFITS OF CHROMEBOOKS

- Less than 8 seconds to boot up
- Long battery life
- Unlimited file storage
- Easy student-teacher workflow in a safe environment
- Excellent collaboration tools
- Works seamlessly with Google & Office 365
- Guaranteed Repair Service for fault and damage
- Chrome Management Console

CAN I BRING MY OWN CHROMEBOOK?

If you don't have one already, we would recommend buying via the programme due to cost savings and the comprehensive protection policy. If you already have your own Chromebook then you can bring it, however you will need to buy a Chrome management license at a cost of £36.00. If you are planning on bringing your own you will need to confirm this via email to chromebooks@groveschool.net where you will be advised of how and when you can buy your license.

HOW MUCH DOES IT COST?

Prices start from £11.47 per month (dependant on payment term and year group) including the Chromebook, Management License, Extended Warranty and Guaranteed repair service to cover against faults and damage.

Parents / Carers can opt to pay via monthly direct debit up to 36 months or a one off payment through the online ordering portal. There are no credit checks and it is open to all students.

HOW DO I PLACE MY ORDER?

You MUST choose the year group your child will be in from September 2021

Go to: www.tech4learners.co.uk
